

REPRESENTATIVE BODY CORPORATE STRATEGY CHAMPION

ROLE PROFILE

Purpose

To promote, champion and monitor progress on delivery of projects under each of the themes of the corporate strategy – Growing Together, Thriving Together, Improving Together and Building Rochdale's Economy.

The Person

Representatives should have an interest in the area in question and be able to contribute to discussions effectively. Representatives should also bring the member perspective to the discussions. Representatives will then assist with reporting back on progress to the full Representative Body.

Up to two champions will be appointed for Growing and Thriving Together and Building Rochdale's Economy, with three champions for Improving Together.

What the role will entail

Champions will be expected to take part in catch up calls or meetings with the respective EMT lead and Board Champion for each of the themes. These updates will provide Champions with more detail on the progress of projects and give them the opportunity to ask questions around progress, issues and risks.
